Castlebank Care - specialist insurance for nursing and domiciliary care agencies

Care work is a complex industry to insure and we have the expertise to make sure your needs are met. Our team of experts can arrange an insurance package specifically designed for the activities of nursing and domiciliary care agencies.

This extends to include provision of day care centres, meals on wheels and supported living facilities (other activities can be considered).

Key covers and features include:

- Employers' liability
- Public liability including medical malpractice and abuse cover
- Personal accident
- Professional indemnity
- Buildings
- Legal expenses
- Loss of money
- Theft by employee
- All risks cover on office contents and computers
- Business interruption
- Directors' and officers' personal liability
- Free 24 hour legal helpline for all UKHCA members

The standard package includes employers' and public liability including medical malpractice, errors and omissions, professional indemnity (with high levels of indemnity to conform to local authority requirements) and legal expenses for employment disputes.

We can also arrange optional covers including material damage with business interruption, professional indemnity for consultancy work and directors' and officers' insurance.

We know how important it is for you to have confidence in your insurance arrangements so our policy features are clearly stated and defined. For example we have a clear definition that identifies exactly which categories of abuse are covered (e.g. mental anguish).

What to do next?

For more information and a quote please contact the care team on **01372 363 030** or email us at **castlebank.care@bluefingroup.co.uk**.

Or complete the attached tear-off form and return it to us. We'll contact you before your renewal date to discuss your requirements.
